**Verse 1**  
The nations make way  
For the King of the heavens  
and the earth  
You rule and reign  
All tongues will give You praise  
All will bow the knee in humble adoration  
Name above all names

**Vamp**  
All who put their trust in You  
Will never be ashamed  
We will ever glory in Your Name

**Chorus**  
Jesus be lifted higher  
Because Your love is greater  
And You alone are worthy  
To receive all of our praise  
Jesus be lifted higher  
Because Your power is greater  
And You alone are able  
To conquer hell and the grave

**Verse 2**  
You came a humble babe  
Even though You are the wondrous  
King of Glory  
The Living Word of Life  
You died in our place  
Even though the debt was ours,  
You paid it all  
Your blood was sacrificed

**Vamp 2**  
Yet though you died upon that cross  
You rose up from the grave  
Now You have all power in Your Name

**Chorus**

**Outro**  
King of glory  
Came to earth a humble babe  
Your life was sacrificed  
You rose again in power

Higher  
Higher  
Higher  
Oh

Lord You deserve all our praise  
O Ancient of Days  
Lord we lift You higher, higher, higher

**Verse 1**  
I'm laying down my life  
I'm reaching for the prize  
For You are everything I'm racing for  
You're all I want  
It's You I'm chasing

I'm giving You my all  
I don't intend to fall  
And if I do I'll get back up again  
I won't be stopped  
It's You I'm chasing

**Chorus 1**  
I've counted the cost  
It's worth every stride  
After all that You've done for me  
For You I'll live and I'll die  
You endured the cross  
Despising the shame  
And because of the blood You shed  
We now overcome in Your name

**Verse 2**  
Surrounded by a cloud  
And none can stop me now  
You've broken every chain that hindered me  
And now I'm free, it's You I'm chasing

**Chorus 2**  
You went to the cross  
You did it for me  
Because of the price You paid  
And the life You gave  
I am free  
You endured the cross  
Despising the shame  
And because of the blood You shed  
We now overcome in Your name

**Outro**  
I'm chasing after You  
I'm chasing after You  
And I'm never gonna stop  
You already have my heart  
I'm chasing after You

**Verse**  
Trials, trouble  
Prayer's got to double  
When fears and doubts assail  
By grace I will prevail  
Stress, struggles  
Praise in me rumbles  
And erupts until for sure I know  
Each test helps me to grow

**Chorus**  
[You've gifted me joy]  
Real joy (peace/love/hope)  
Your joy (peace/love/hope)  
Sweet joy (peace/love/hope)

**Outro**  
I can make it  
I can take it  
With the joy (peace/love/hope)  
You've gifted to me

**Verse 1**  
Blessed is  
The one who hears  
And does the will of God the Father  
He will receive  
A crown of life  
And will not fall into disaster

The Word reveals  
Our hidden faults  
It's reflection like a mirror  
The Father speaks  
The Word of truth  
He will lead us into liberty and life

**Chorus**  
Every good gift that we need  
Is freely given by the Father of Lights  
All the answers that we seek  
Every need our heavenly Father supplies

**Verse 2**  
We will hear  
We will do  
Everything the Father tells us  
We won't be deceived  
We will walk in truth  
The Word You plant in us will save us

Though sin is near  
We will persevere  
We won't give way to anger  
Though tempted sore  
May our faith be pure  
For in Jesus we will overcome the world

**Chorus**  
Every good gift that we need  
Is freely given by the Father of Lights  
All the answers that we seek  
Every need our heavenly Father supplies

**Vamp**  
It's in the Word  
It's in the Word  
Every need our heavenly  
Father supplies

It's in the Word  
It's in the Word  
Every need our Heavenly  
Father supplies
